Scene: Private Investigator Office

Description:

The office is a home base for a private investigator who is out on a case. The office is dark and atmospheric. In the office is a desk holding some of the personal effects of the investigator. There are some case files, a fan, a phone, a pistol, a lamp, and a newton's ball toy. Behind the desk is a swivel chair centered between two blinded windows. To the right of the room is a filing cabinet with an open bottle of whisky atop it. Further to the right is a bookshelf. On the left side of the room is a plant, another, taller, filing cabinet with a globe on top. The final items are the wall clock, witness chairs, a coat rack, a trashcan, and the ceiling fan.
